Peptide Therapy Menu

CORE RECOVERY + HEALING

BPC-157 (5 mL) \$120

Promotes tissue repair, reduces inflammation, supports gut healing, and accelerates recovery from injury or strain.

BPC-157 + TB500 Blend (5 mL) \$155

Synergistic recovery and soft-tissue healing. Supports mobility and reduces post-injury inflammation.

BPC-157/TB500/KPV No-Copper Blend (5 mL) \$175

Advanced anti-inflammatory repair formulation for gut health, autoimmune inflammation, and chronic pain support.

FAT LOSS SUPPORT

AOD-9604 (6 mg/5 mL) \$135

Targets stored fat, supports metabolic efficiency, and does not affect blood sugar.

AOD-9604/MOTs-C/Tesamorelin/Ipamorelin Blend (5 mL) \$165

Comprehensive fat-burning and mitochondrial support blend.

GROWTH HORMONE + BODY COMPOSITION

CJC-1295/Ipamorelin (5 mL) \$125

Boosts natural GH release, improves sleep, supports lean mass, enhances recovery, and benefits skin quality.

Tesamorelin 3 mg/mL (5 mL) \$165

GH secretagogue that targets visceral fat reduction and metabolic improvement.

Tesamorelin 8 mg/mL (3 mL) \$265

High-strength formulation for advanced fat-loss and body composition benefits.

Tesamorelin/Ipamorelin Combo (5 mL) \$135

Dual-action GH support that improves recovery, metabolism, and fat-loss potential.

Tesofensine 500 mcg Capsule \$30

Appetite-regulating compound that supports weight loss and metabolic rate.

BRAIN, MOOD, AND COGNITION

Dihexa 5 mg Capsule	\$7
----------------------------	------------

Supports cognitive function, memory, focus, and neuroplasticity.

Dihexa 25 mg Capsule	\$20
-----------------------------	-------------

Higher-strength formulation for enhanced cognitive performance.

Selank/Semax Nasal Spray (2.5 mg/mL each)	\$175
--	--------------

Supports mood stability, mental clarity, focus, and stress resilience.

LONGEVITY + ANTI-AGING

Epithalon 2 mg/mL (5 mL)	\$110
---------------------------------	--------------

Peptide associated with telomerase activation, cellular longevity, and improved sleep cycles.

GHK-Cu 10 mg/mL (5 mL)	\$120
-------------------------------	--------------

Potent copper peptide supporting collagen, skin repair, and hair growth.

GHK-Cu/Epithalon (5 mL)	\$145
--------------------------------	--------------

Dual longevity and cellular-repair blend with anti-aging benefits.

HORMONE, ENERGY, AND WELLNESS

MOTs-C 2 mg/mL (5 mL)	\$100
------------------------------	--------------

Mitochondrial peptide supporting metabolic function, endurance, and energy.

NAD+ 100 mg/mL (10 mL)	\$130
-------------------------------	--------------

Supports cellular energy, DNA repair, vitality, and reduced fatigue.

NAD+ Nasal Spray (2.5 mg)	\$150
----------------------------------	--------------

Rapid-delivery NAD+ option for improved clarity, energy, and focus.

SEXUAL WELLNESS

PT-141 Injectable (5 mL)	\$100
---------------------------------	--------------

Improves libido and arousal in both men and women.

PT-141 Nasal Spray (2.5 mg)	\$135
